

CODE	Art. 3505
TRADE NAME	MUFFI
PRODUCT TYPE	MOULD CLEANER

Technical characteristics

Muffi is a detergent formulated to remove radically from walls and cement walls molds, mushrooms and algae.

Its formulation based on active chlorine acts quickly on these unwanted visitors.

Muffi is an excellent product: easy to use, rapid and radical in its action.

Applications

Spray on the surface to be treated at a distance of 20-30 cm and wipe with a cloth. For stubborn deposits, repeat the operation after 30 minutes.

It is not necessary to scrape after application: it is only recommended in the case of large amount of deposit.

Important

Use the product according to good working practices, however avoiding dispersing the product or packaging in the environment.
